MD. NUR ALAM

AI Automation Engineer | Data Analyst | Problem Solver

+8801756448948 | nuralam39580@gmail.com | LinkedIn | GitHub | Portfolio

CAREER OBJECTIVE

Computer Science and Engineering graduate with experience in AI automation, workflow integration, software testing, and web scraping. Skilled in n8n, Python, SQL, prompt engineering, and AI-assisted development, with knowledge of agentic AI concepts and vibe coding. Currently pursuing a Master's degree in Data Science and Machine Learning, with an interest in workflow automation, data analytics, and technology-driven problem-solving.

EDUCATION

Master's in Data Science and Machine Learning *2026 – Present*
State University of Bangladesh

B.Sc. in Computer Science & Engineering (CSE) *2022 – 2025*
Varendra University
CGPA: 3.15 / 4.00

TECHNICAL SKILLS

Programming & Query Languages	Python, SQL
AI & Intelligent Automation	Agentic AI Concepts, Prompt Engineering, AI-Assisted Development, Vibe Coding
AI Automation & Integration	n8n, Workflow Automation, API Integration, Webhooks
Software QA & Testing	Functional Testing, Test Case Design, Bug Reporting, Basic Regression Testing
Web Scraping	Python-Based Web Data Extraction
Data Analysis & Visualization	Pandas, NumPy, EDA, Statistics, Power BI, Excel, Matplotlib
Machine Learning	Scikit-learn, Classification, Regression, ARIMA Forecasting
Marketing & Business Skills	Market Research, Consumer Behavior Analysis, Data-driven Insights, Presentation
Tools & Technologies	OpenCV, Jupyter Notebook, Git & GitHub

Experience

AI Automation Engineer | Data Dynamic IT *January 2026 – Present*

- Build n8n workflows using APIs, webhooks, and AI tools.
- Handle prompt engineering, software testing, and web scraping.

PROJECTS

Face Recognition Attendance System

- Built a real-time face recognition system using Python and OpenCV
- Automated attendance tracking for improved efficiency

Social Media & AI Automation

- Built automation workflows for social media platforms using n8n, APIs, and AI tools.
- Automated messaging, data processing, and business workflows across multiple platforms.

Vendor Performance Analysis

- Analyzed vendor data using Python, SQL, and Excel.
- Created Power BI dashboards to visualize business KPIs.

CERTIFICATION

Data Science & Machine Learning – Ostad *Feb 2025 – Aug 2025*

SOFT SKILLS & ADDITIONAL INFORMATION

Languages: Bangla (Native), English (Professional Working Proficiency)

Core Competencies: Analytical Thinking, Problem-Solving, Attention to Detail, Team Collaboration, Communication, Adaptability
